directly after the morning service.

Brother Bragg stated that Brother H. McKittrick has asked to meet with the Official Board, and as Brother Day was more familiar with it he would ask Brother Day to take the Chair.

Brother Day said that Brother McKittrick had spoken to him quite some time ago about meeting with the Official Board, but because of the special meetings it had not previously been convenient. Brother Day called upon Brother McKittrick to make any statement he desired to the Board.

Brother McKittrick referring to the last time he had met with the Official Board, stated that he did not wish that anything should stand between him and the Lord, and asked the Board in general to forgive him and that everything be put under the blood, and in particular he made the same request of Brother Thomas Griffith and Sister Carrie Clark, whereupon, after some few words of explanation, his request was granted, and the meeting adjourned with song and prayer.

Respectfully submitted,

Clara M. Payne
Church Clerk
