EPHESIANS 4:11

Rev. and Mrs. McArthur Jollay, PASTORS

PERSONALLY, we can give an unqualified endorsement upon the investment outlined in these pages. It has been our privilege to have previously sponsored a building program of major proportion. A large part of the finance was derived through this method, resulting in one of the finest churches in the midwest, with seating capacity of two thousand. Every bond investor was more than satisfied and anxious to reinvest should opportunity occur.

You may invest with confidence and the blessing of the Lord.
