Layne, Kali, Josh, and Elizabeth

The Year of Perseverance

1 John 1:3 What we have seen and heard, we are proclaiming to you; so that you too may have fellowship with us. Our fellowship is with the Father and with his Son, Jesus the Messiah.

What we have seen and heard we proclaim to you. What an incredible different year this has been. Why would I say that? Upon reflection on the great things God has done, we realize that this year really has been a life-changing year. In 2021 we have seen miracles. We have come closer to God. This was the year that regardless of a pandemic, we were able to see His Kingdom advance. 2021 was the year that our biggest gains were made with the Bible institute and vocational center (HTP) despite the pandemic. We have been met with an array of challenges. However, we have seen relationships restored, lives changed, and renewed hope in the Lord. This really was a year of blessing in the face of struggle.

Psalms 37:23 The steps of the righteous are ordered of God, and he delights in his way. As we reflect over this past year. The immediate thought is to dwell on the negative. But, if we shift our perspective. We can see that it was the Lord allowing hardship, leading us through and giving us the opportunity to become stronger. In the face of struggle... He is still good! We proclaim that He is! We love you and thank God for your prayers and support in this the year of the Lord's favor. We couldn't do it without you. God Bless you.

Merry Christmas

HELLO FAMILY AND FRIENDS

Although the world has a mission to disrupt the plans and momentum of the Kingdom of God. We can see from this past year that God's ways are higher than our ways, and He will finish what He starts. I encourage you to listen and obey the voice of God. He always has a plan.

Being apart is not easy. Being in different countries is harder yet. With both Layne and Kali doing amazing in college. All that hard work, amazing grades, and distance makes it so sweet to come back together and just invest in family.

Josh had the opportunity to play American football, which has always been his dream since growing up in Central America

This seems to be the position I find myself in. Whether English or Spanish I love to speak truth. This happens to be at Teen Challenge in NJ

Unfortunately we departed Honduras due to 3 months and counting of Martial Law and lock downs. But still smiling we feel God directing our steps.

The Honduras Transformation project has come a long way. Even in the face of shutdowns and martial law. This is a pic of the last team before the country shut down.

This is the institute as of Dec. 20. What a difference when God is leading you through the valley. We will fear no evil. He who began a good work, will bring it to completion.
