

The Choir and Ministry of Music

The Tabernacle Choir had its impressive beginning under the direction of Mrs. Elizabeth V. McDowell whose ministry of music was recognized wherever the name of Highway Tabernacle was mentioned.

The Choir ministers not only in the church services, but also as guest singers in many other churches. Many souls have been won for Christ as the Gospel in song was presented. The Choir has sung at the Philadelphia Naval Base, the Valley Forge General Hospital, at the International Airport at Christmas services, and many other locations to which it has been invited.

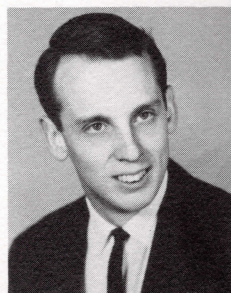

Joyous congregational singing which has inspired thousands, is a regular feature in the Tabernacle services, and many, many hearts have been touched through the singing of Gospel hymns that otherwise would never have responded to the call of Christ that they might be saved.
