

October 30th, 1939

Dear Sister Betty:-

At a recent meeting of the Highway Ushers' Association a motion was duly made and carried that the Ushers express their deepest regret and sorrow over the loss of John. He certainly was greatly missed at the last meeting; not only his presence but his wise counsel which was always of such invaluable help to the ushers. No one can ever take his place.

There are times in this life when adversity strikes hard, and we feel sure that you have had more than your share, in the loss of both father and mother, and now of John. Many things are hard to understand, and all we can say is "Thy Will be Done" and look to Him who understandeth and doeth all things well.

The Ushers wish to extend to you and members of your family their deepest sympathies.

Most Sincerely,

.....
Secretary.
